COMMUNICATION

Collaborating with colleagues, superiors and managers to help and support the consumer and gain feedback in every field is vital to achieve the best experience for both the worker and the customer and is an essential part to any workforce.

LEADERSHIP

As a multi-talented and well experienced person with qualifications, I maintain a certain image and value of the company with me. In addition to my language skills, I'm also well versed with corporate pressure and the issues that come with and how to deal with it. Moreover, I boast a great amount of knowledge in working with various computer software such as word and excel. And I'm also good with number. Moreover, I have adverse skill in web development and computer science as a front-end developer with knowledge of HTML, CSS & JavaScript
